

Shire of Yarra Ranges Parking Update

OCTOBER 2009

Lilydale West Primary School

Lilydale West Primary School is relatively well supplied with 69 parking spaces adjacent to the school. On a good day, the afternoon pickup of approximately 350 children from about 230 families can be completed within eight minutes of the final school bell. Nearly all of the teachers are able to park within the school grounds leaving the street spaces available for parents.

The time restrictions for each type of parking have been set at a generous level to reduce the likelihood of parking infringements.

A map of the parking restrictions can be found on the school web site.

YOU CAN HELP

In the Mornings

- **KISS and GO.** Use the 2 minute parking spaces located between the school gates in Bowen Road for KISS and GO only.
- **WALK and LEAVE.** Use the 15 minute parking spaces in Bowen Road and Wilsons Lane to walk your children to the gate and leave them.
- **STAY A WHILE.** Use the unrestricted parking adjacent to the school in Victoria Road, Bowen Road and Wilsons Lane when you plan to visit a teacher or have a chat.

PLEASE DO NOT

- Double park to collect or drop off children.
- Stop in No Stopping areas

YOU CAN HELP

In the Afternoons

Each parking space needs to be used by an average of four vehicles and the children may not be ready when you arrive.

- **WAIT IN THE CAR.** Use the 15 minute parking spaces in Bowen Road and Wilsons Lane if you expect your children to arrive within two minutes of the final school bell or within two minutes of your arrival in the parking space.
- **WALK and COLLECT.** Use the unrestricted spaces adjacent to the school in Bowen Road, Victoria Road and Wilsons Lane.
- **VISITING the SCHOOL.** If you expect to stay longer, consider parking further from the school gates. There are unrestricted parking areas available in Bowen Road and in Wilsons Lane that are located beyond the end of the school all the way up to Albert Hill Road.
- **Stagger Arrival Times.** The school supervises children for 15 minutes after the final bell.
- **Circulate** when no space is available. It will ensure that parked cars are able to leave the area as quickly as possible.
- Consider **Car Pooling** or **Walking to School** to reduce the number of cars. Pooling and Walking won't work for everyone but it all helps.

- Use the accessible parking bays that are marked in blue if you are not entitled to use them.
