

Lilydale West Primary School

Uniform Policy attachment

- Guiding principles:** The uniform is designed to be affordable and attractive, providing a standard of dress that the students can be proud of and all achieve. This assists to remove any barriers or social challenges that may be created by clothing choices. We have taken a flexible approach allowing parents to extend the summer uniform through using black long sleeve tops rather than having to purchase winter long sleeve polos or tunic dresses; however those options still remain for parents who choose to take advantage of them. It is envisioned that this approach will provide a standard that can be enforced whilst having the flexibility to consider the needs of individual families.
- Purpose:** The purpose of this document is to outline the uniform requirements of Lilydale West Primary School, providing a reference guide to parents, students, and teachers.
- Variations:**
- Should an item of uniform, such as a jacket, be wet or lost, a note can be provided to the classroom teacher explaining the requirement to vary the uniform for a period.
 - Should a student require a more permanent variation to the uniform for medical, religious or other reasons, a note addressed to the Principal should be provided to the school. The note should outline the variation required and the reason.

LWPS Approved Uniform Choices
